- Preparation of Development report by each local body which analyses local development issues and the local convergencresources available –Multi-level, interactive process
- Scope for e with other schemes/programmes

## NRuM STATUS- ICAP PREPARATION

---

- **For the preparation of the ICAP under the Rurban Mission we are planning a multi staged process**
- **Environmental Setting** – an environment has to be created for the work in the Rurban clusters without hurting the feelings of the elected representatives of the PRI's
- **Preparation of a status report on every sector-** Survey of existing resources, analysis the situation, and exploration of the development potential
- **Delineate the Rurban territory on a GIS platform-** mapping of public land, public infrastructure, Built up space etc.
- **Setting up of functionary Groups-** groups for Infrastructure development, Skill development and training, basic needs, Agriculture & allied activities etc.
- **Integration of the ICAP with the activities of the Decentralised Planning-** The Grama Panchayaths are getting funds every year from the Government this can be integrated with the ICAP and critical gaps can be funded from Rurban.

- **Consultation with the stake holders** – discussions in the in the Grama Sabha meeting / Grama Panchayath level meetings with all stake holders of the scheme
- **Bench marking of the desired levels of the components-** after the stake holders meeting the agency can mark the desired levels to be achieved on each components and finding the potential agencies/schemes for convergence and find out the gaps that has to be covered
- **Need identification-** The need identification encompasses a wide range of consultations and consolidation of ideas-it starts with the holding of the stake holders meeting for gathering their needs
- **Investment phasing-** Investment phasing of each component over the construction period of 3 years
